## Arion Magnide®

The **donning aid** for closed-toe medical compression stockings and tights with a unique magnetic system

### Before you start:

Important!  
Don't push the foot to the very end of the Magnide®, leave some free space at the end

In case the compression garment has a silicon border, make sure to turn it outwards

### Donning instructions

## Preparation for re-use

## Arion donning and doffing aids for medical compression garments

### Easy to Use

- Minimize friction between compression garment and skin
- Reduce physical strain for both compression wearers and caregivers
- Promote independence of compression wearers

### Safe to Apply

- May help reduce the risk of skin damage by minimizing friction
- May contribute to a longer garment lifetime by preventing damage from fingers and nails
- Help avoiding garments from overstretching and distortion

### Simple Solutions

- Offer application aids for all types of compression garments: stockings, tights, arm sleeves, and gloves
- Designed for different shapes and sizes of limbs
- Support the concordance to compression therapy
