# COMPRILAN®

## SHORT STRETCH COMPRESSION BANDAGE

**Comprilan®** is a short stretch compression bandage made from 100% cotton and is specifically designed for the management of venous leg ulcers, lymphedema and edema. Unlike long stretch bandages, **Comprilan®** provides compression and high resistance to stretch to increase venous and lymphatic return.

- Better tolerated if pain is an issue (high working pressure and low resting pressure)
- Safe for mixed ulcers (0.6 < ABPI < 0.8)
- Cost-effective when frequent dressing changes required (washable and reusable up to 10 times)
- Easy to apply and safe to use, even with minimal training
- Used for edema reduction, before ready-to-wear stocking
- As effective as multi-layer bandaging<sup>1</sup>

Code	Dimensions	Qty/Box
7718700	4 cm x 5 m	1 roll
0102600	6 cm x 5 m	1 roll
0102700	8 cm x 5 m	1 roll
0102800	10 cm x 5 m	1 roll
0102900	12 cm x 5 m	1 roll
7718800	10 cm x 10 m	1 roll
7718900	12 cm x 10 m	1 roll

**Caution:** Fixation clip contains natural rubber latex which may cause allergic reactions.  
**NOTE:** Please refer to the product label and/or package insert for full instructions on safe use of this product.

Ask your Essity representative about our detailed application technique posters.
